  - MRI review
  - CT review
  - X-ray review
  - Bone scintigraphy review
  - Bone densitometry review
- Regional assessments:
  - Anatomic imaging review
  - Common and uncommon clinical presentations
- Case reports and patient management

## Adjournment

### James Demetrious, DC, FACO Fellow, Academy of Chiropractic Orthopedists

Dr. James Demetrious achieved his doctorate at New York Chiropractic College in 1986. He is a Board Certified Chiropractic Orthopedist and Fellow of the Academy of Chiropractic Orthopedists. He is a Board member of the national Academy of Chiropractic Orthopedists and serves as managing editor of the ***Journal of the Academy of Chiropractic Orthopedists***. Dr. Demetrious has authored peer-reviewed journal articles that have appeared in Chiropractic and Osteopathy, JMPT, JNMS, JACA and JACO. Dr. Demetrious has been recognized as a Distinguished Fellow of the Academy of Chiropractic Orthopedists. His clinical interests include defining the chiropractic premise, using advanced diagnostic imaging and improving clinical outcomes. He hopes to support the chiropractic profession through post-graduate lectures that heavily reference current peer-reviewed research while drawing from clinical practice of over twenty years.
